BOURBON OVERSUBSCRIBES

LIBERTY LOAN \$35,500

To paraphrase Tennyson's famous poem, "Charge of the Light Brigade," we will apply it to the mass-meeting in the interest of the Liberty Loan Bonds at the court house Wednesday—"Subscriptions to the right of them; subscriptions to the left of them; subscriptions in front of them; subscriptions behind them; into the coffers of the Liberty Loan rode the Bourbon county dollars."

It was an avalanche, an overflow that greeted the eloquent appeal of Rev. Richard Wilkinson, of Lexington, whose masterful address held the big audience spellbound as if some master of wizardry held them. Men who had never before been known to warm up to an appeal for funds in a public movement eagerly flung their names into the fray and their dollars into the Liberty Loan Bond fund.

It was a spontaneous and whole-hearted outburst of patriotism, the like of which was never witnessed before in Paris, and at once attested the truth and wisdom of a remark once made by former Governor David Francis, of Missouri, at a gathering at the old Fair Grounds here, "Bourbon county never lags behind in anything."

One of the largest crowds ever seen in the Bourbon county court house gathered there at two o'clock Wednesday afternoon, in mass meeting for the purpose of raising the remainder of the \$400,000 Liberty Loan apportioned to Paris. Preceding the meeting the Boys' Band from the I. O. O. F. Home at Lexington, a superb musical organization, headed by their staunch friend Judge E. B. January, and Chief of Police Link, marched down from Twelfth street to the court house, where they rendered a musical program. In the meantime the big Circuit Court room had been filled to overflowing and there was hardly standing room around the doors in the corridor.

The meeting was called to order by Mr. John T. Collins, Chairman of the Finance Committee, who presided. After making a statement of the object of the meeting and announcing the program, Mr. Collins was followed by a program of musical selections rendered by the Boys' Band. One of the pleasing features of the exercises of the afternoon was the fancy drill and the dancing of the stately minuet of the olden Virginia days by twelve boys and girls from the Paris High School, representing the spirit of '76, appropriately costumed, and directed by Miss Wiard, the instructor in music. A choir under the direction of Mr. A. L. Boatright, rendered a number of patriotic songs, and a chorus of twenty-four older girls from the High School, directed by Miss Wiard, sang the old song, "Just Before the Battle, Mother." The invocation was pronounced by the Rev. John J. Rice, pastor of the Paris Presbyterian church.

Chairman Collins introduced Hon. E. M. Dickson, who in a characteristic eloquent preface, introduced the speaker of the afternoon, Rev. Richardson Wilkinson, of Lexington. The big audience seemed to know something good was coming, as it settled down and for over two hours listened almost breathlessly to one of the most eloquent, scholarly and forceful speeches ever heard in the walls of the house. Rev. Mr. Wilkinson presented arguments for the Liberty Loan Bonds, backed up by an array of facts that would have wrung dollars from a wooden Indian,

taking for his subject "America in the Balance—Will She be Found Wanting?" To the inspiration of his wonderful address may be ascribed the success of the afternoon. He paid a particularly neat compliment to the women of Paris and the county for the noble work they had done in getting Liberty Loan subscriptions. Only a word artist could do justice to his speech.

At the conclusion of the address the call for subscriptions was taken up, and while the start was a little slow, the avalanche gained strength and momentum, and from \$15,000 down the grade to \$50 bonds the ball kept rolling until the assistant tellers scattered through the big audience had all they could do to keep tabs on those who were shying their dollars to the defense of their country. It was an inspiring time. The responses came in bunches, and by the time the meeting adjourned Bourbon county has exceeded by \$35,500 its apportionment. Individual subscriptions of thousands of dollars came skyrocketing to the tellers as if dollars were marbles in a boys' game. The story told in a few words is that Bourbon county is on the roll of honor to the extent of \$432,500. Space will not permit of listing the individual and other subscriptions, and with Secretary Frank P. Kiser out of town it has been impossible to get a complete list. Suffice it to say that old Bourbon told the Chairman she'd do it, and by Heck, she done it! Glory be!

The benediction was pronounced by Rev. Mr. Orr, and with music by the Boys' Band of the I. O. O. F. Home, one of the most memorable and enthusiastic meetings Bourbon county has witnessed in a decade was brought to a close. It would be very hard to give credit to any individual or to any set of individuals for the success of the Liberty Loan movement in Paris and the county, but certain it is that the people know who did it, and they also know that to the women of the city and county most of the meed of praise must be given.

It has been freely predicted that the sum of \$500,000 will have been raised in this county by the end of the week, as belated individual subscriptions in various amounts are still being reported to the Finance Committee, which augurs well for the spirit of the people and the ultimate seal of the community being placed on the \$500,000 mark by Saturday.

The members of the staff of "Everystudent," the Paris High School monthly publication, subscribed for a \$50 Liberty Loan bond, which will be turned in to the credit of the publication for future use. The members of the High School Senior German Class took up a collection and purchased a \$50 Liberty Bond, which will be devoted to the benefit of the P. H. S. gymnasium and the classes.

Fayette county farmers have so far subscribed \$100,000 to the fund. Commenting on this a full-page advertisement in yesterday's Lexington Leader, said:

"Our own citizen, Rev. Richard Wilkinson, addressed a meeting at the court house in Paris yesterday. Immediately thereafter Bourbon county farmers subscribed for \$103,000 worth of Liberty Bonds. Do Fayette county farmers love our country less than Bourbon county farmers?"

RELIEF FOR COAL SITUATION IN KENTUCKY.

A special dispatch to the daily papers from Pittsburg, yesterday, stated the coal situations as follows: "Kentucky operators here attending the meeting of the Coal Association formed a committee to take charge of the distribution of coal in Eastern Kentucky where it is said there is a serious coal shortage. "A committee of ten operators representing each of the five large districts of the section, were appointed. Calvin Holmes, of Cincinnati, was made chairman of the committee. "The available supply, which the operators admitted had been decreased by recent strikes, will be distributed among the cities where there is a shortage. Every effort will be made by the operators, it was said, to relieve the acute situation in Lexington, Paris, Georgetown, Carlisle, Cynthiana, and other cities in the section lying east of Louisville."

DISPERSAL SALE OF HORSES.

There was a good-sized crowd in attendance at the dispersal sale of saddle horses held on the E. K. Thomas farm near North Middletown, yesterday. The animals brought exceptionally good prices,

the bidding being spirited. The horses were all standard-bred and all up-to-date in breeding, the get of such great sires as Bourbon King, Lochnivar, Chester Dare and others. Blooded horses sold from \$300 to \$1,200; others from \$50 to \$100; three pony-made saddle mares sold from \$85 to \$140; one Shetland pony for \$105; suckling colts from \$25 to \$400. The sale was held under the direction of Mr. Ben Buckner, manager of the Ed. Simms "Xalapa Farm."

Forty-five head sold for a total of \$8,040, an average of \$199 for the entire offering. Among the buyers was Sig S. M. Dervais, of Mexico City, Mexico, who paid the highest price of the sale, \$1,200, for "My Sweetheart," a finely-bred mare by Bourbon King—Helen Dare.

ANOTHER FISH STORY.

The Carlisle Mercury says: "Mr. Charles Wright, of Paris, son-in-law of Mr. J. H. Collins, while fishing at the lake one day the past week caught a four-pound bass that measured seventeen inches. This is said to have been the first bass caught at the lake this fall."

FOUR-MINUTE SPEAKERS TELL OF LIBERTY LOAN BONDS.

Following up the campaign of four-minute speeches for the second Liberty Loan Bond sale, recently inaugurated in Paris, and in which several distinguished speakers have appeared at the local movie houses, County Attorney George Batterton spoke to the big audience at the Grand Opera House Monday night, Judge Denis Dundon spoke Tuesday night, and on Wednesday night Mr. Oscar T. Hinton spoke. Last night the audience was addressed by Attorney David D. Cline.

All the speakers were at their best and in the short time allotted them, presented in a most convincing manner arguments for the earnest and whole-hearted support of the governmental financial plan by the purchase of Liberty Loan Bonds.

VIOLATORS OF GAME LAWS ARRESTED.

Special Deputy Game Warden Bush Bishop, of Paris, assisted by Game Warden Homer Florence, of Harrison county, made a hurry-up trip to Pendleton county, where they visited the Harden farm, and placed the following men under arrest on a charge of hunting without licenses and violating the game laws: Jos. M. Leach, of Owingsville, hunting without license, fined \$15 and costs; A. G. Stevens, Newport, Harry H. Legget, Cincinnati, J. L. Hardin, Falmouth, Will Northcott, Pendleton county, killing rabbits out of season, fined \$15 and costs each; Wright Kimbrough, Wm. King and J. A. Horton, all of Cynthiana, violating game laws, fined \$15 and costs each.

The State Game and Fish Commission, through its State Game Wardens, Special Deputy game wardens and county game wardens, has sent out a warning to all hunters against killing rabbits at this season of the year, which is a closed one on this species of game. It is unlawful to kill rabbits with dogs at this time, unless it be by owners of the dogs on land, owned by the hunters, and violators will be vigorously punished to the fullest extent of the law.

The open season for rabbit hunting is from November 15 to January 1, exception being made for hunting with dogs and by the use of traps on one's own land for their own use.

THIRD DISTRICT BOARD HAS COMPLETED WORK.

The Third District Exemption Board, which has been in continuous session in Lexington since July has completed the huge task of passing on appeals and claims for agricultural exemptions in 61 county and city lower boards under its jurisdiction and has the distinction of being the first board of appeals in Kentucky to finish this work.

The Board, Chairman Pritchard said, will remain in session for probably a week longer to finish some straggling claims concerning which full information has not been received. A number of cases, totaling nearly a hundred, have been held up until certain detailed information in affidavit form may be obtained. Enough men to complete the quotas of the counties of the district for the last call of the first draft, have been certified back to the local boards, it was stated.

Chairman Pritchard is now busy making a report of the number of men certified back in each county and the quotas of the county, to give to the Adjutant General.

Rathbone Lodge No. 12, K. of P., of this city, was represented at the sessions of the Grand Lodge by the following delegates: Knights Ira Bowen, John K. Cahal, D. Y. L. Farley, Charles W. Fothergill, P. J. McCord, Harry C. Ogle, Edgar Tingle, Louis Wolstein and others who went in an individual capacity.

RECORD PRICE PAID FOR BOURBON TOBACCO CROP.

What is undoubtedly the record price so far for a crop of Bourbon county tobacco was realized Tuesday, when Pinkard & Ellis, who have a crop of eight acres, near Paris, sold the entire crop for thirty cents per pound straight.

The purchasers were Roy Land and Charles J. Doyle, of Paris. The tobacco is to be delivered at the Independent Tobacco Warehouse in Lexington. Mr. Pinkard told THE NEWS man that it was undoubtedly the finest tobacco ever grown in Bourbon county. The plants were as high as an average man's head and had from thirty-five to forty leaves, each as big as some of the "elephant ear" plants we see in the city flower gardens. The tobacco is of a remarkably fine and close texture. Mr. Pinkard said he had been told by tobacco men that he could not produce a good crop on the soil he had leased, but that this sale certainly showed it could be done.

RED CROSS MEETING AT MILLERSBURG POSTPONED.

Owing to the fact that the bridge over Stoner Creek at the foot of Main street, is closed to traffic while undergoing repairs, the Paris delegates to the mass meeting of the Bourbon County Red Cross Chapter, at Millersburg this afternoon, can not reach there in time.

Members of the Paris Chapter who reside in remote sections of the county, would have to make a wide detour to reach Millersburg in time for the meeting, which was to have been held in the M. M. I. drill hall, consequently could not get there in time.

The meeting will be scheduled for a later date at some point in the county more easily accessible under existing conditions.

Beware of Pneumonia.

With the coming of cold weather, pneumonia—"captain of the men of death"—will begin to strike down its victims. People talk with some close personal friend one day and a few days later learn that he has been selected for the lightning-like stroke delivered by pneumonia.

Yet practically no person in perfect health is in any great danger of contracting the disease under ordinary circumstances.

It requires the presence of the germs and some outside influence which so lowers one's vitality that the growth of the germ goes on practically unopposed by natural forces. In other words, anything that disturbs the normal balance encourages the growth of disease germs of every variety.

Fatigue is one cause. The tired feeling one experiences after prolonged effort of any kind is simply the sum total of the protests coming from every cell in the body against overwork. In this condition the cells are unable to put up a good fight and so they succumb to the onslaught of the disease germs because they are so tired that there is practically no fight left in them.

Loss of sleep and overeating are also predisposing causes. The first operates by leaving the cells partially exhausted by the work of the previous waking hours. For it is only during sleep that fatigue is neutralized.

Overeating clutters up the body with a lot of more than useless material that has to be handled and the body is unable to do this and at the same time maintain its defense at the maximum strength.

Stale air, another cause, is practically always the result of the presence of a number of persons in the place where it is found. Air that is thus deficient in oxygen cannot keep the functions of the body going at a normal pace and so thus logged and hampered, it is in a fair way to fall easily before the onslaughts of waiting germs.

History Not Repeated.

History is not repeating itself this autumn; the social columns instead of announcing long lists of receptions, card parties, etc., now give place to plans for Red Cross of Y. M. C. A. work, and entertainments for our soldiers. The clamor seems not for frivolities, but for steadier and more practical joys, but younger society at least will not entirely languish for want of entertainment. Students, boys and girls, are here in mighty numbers, and Red Cross work and patriotism does not fill their minds to the exclusion of all else.

"Conservation" of food is not troubling their young minds, at least not in the general acceptance of the word, but they are not averse at any time to turning their attention to a good menu. Dutch suppers and Welsh rarebits are still held in favor, and "midnight lunches," especially when taken unobtrusively, do not hurt their chaim. Soon Hallowe'en will be here with its youthful pranks to make glad the heart of boy and girl alike, then Thanksgiving followed ere long, by Yuletide joys.

A Bird Tragedy.

In an old home in the southeastern part of town there was recently revealed evidence of a tragedy, a tragedy which caused heartaches unspeakable in little feathered breasts. In a gutter where painters were at work, a bird nest in process of building was thrown out, and tangled in the meshes of straw, string and other material which the little builders had used in the construction of a home, a tiny artisan was found suspended by one fragile little leg in the partially completed nest, a nest around which so many happy hopes had clustered of a little wedded pair. In some manner they busy little work-man had become entangled in a piece of cord, and unable to extricate itself had evidently starved to death. 'Twas only a sparrow, but was not its death pathetic. One can imagine the agony of the little mate way up there under the eaves, so near yet unable to assist, and helpless could only gaze upon a ruined home and dying mate.

A Necessary Evil.

The person that stands on the street corner looking around for something to gossip about or to find fault with, can always find what he is looking for. But what a life he lives. His soul shrivels and withers until it is shown in his manner and looks. For such a person life has lost its savor. It becomes sour, misanthropic, whining. He passes from bad to worse and sees no good in anybody. His taxes are always too high, no matter how low they may

be and he curses his neighbors because his neighbor is prosperous and enjoys life. In fact, he hates himself, is a menace to a town's prosperity, a foe to God and no good to the devil. These persons seem to be a necessary evil in every town. They ought to be put out.

This Is a Funny World!

It is more fun to see a man read a puff on himself in a newspaper than to see a fat man slip on a banana peel. The narrow minded man reads it over seven or eight times, and then goes around to appropriate what copies he can. The kind hearted man goes around to the office and pays what he owes. The successful business man who advertises regularly and makes money by it, immediately starts out to find the editor and the two walk silently down the street and the business man takes sugar in his and they both eat a clove or two and life is sweeter and peace settles down on their hearts for moments. Such is the experience of a mustard seed that falls on different ground.

HOW ABOUT IT?

Seventy American boys murdered by the cowardly commander of a sneaking German submarine! Does this bring the war home to you; or must you wait until my son, your son, and thousands of other lie with upturned faces on the blood-soaked fields of France, and the last ray of sunshine has faded from the hearts of thousands of American mothers, before you realize that this is your war; that in it your responsibility is undivided and certain, limited only by your ability.

The issue is squarely before you now; it cannot be evaded. Are you so craven-hearted that you value your dollars above the right to live freely and happily? Are you going to hang on to your money while brave American boys face all the horrors of German savagery? If not, come across, buy Liberty Bonds, yes? Buy more and help end the war that was forced on civilization by war-mad German plutocrats. Let's show the barbarous German Empire and his contemptible son that, true to our traditions, we have the courage to give our last dollar to save the world from their accursed rule.

THE TEST THAT TELLS

Is The Test of Time—Many Paris People Have Made This Test.

Years ago this Paris citizen told in a public statement, the benefit derived from Doan's Kidney Pills. The statement is now confirmed—the testimony complete. Instances like this are numerous. They doubly prove the merit of Doan's Kidney Pills. Can any Paris reader demand more convincing proof? It's Paris testimony—it may be investigated.

Mrs. G. W. Newman, E. Tenth St., Paris, says: "I had backaches and headaches and at times I was nervous. My kidneys were weak and inactive. Doan's Kidney Pills made me well."

Mrs. Newman gave the above account of her experience with Doan's Kidney Pills on January 17, 1912, and on November 9, 1916, she said: "I still use Doan's Kidney Pills at times, when I find it necessary. I have always received the same good results, although I do not have so much trouble now as I used to."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Newman has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

READ THE KAISER'S WORDS, THEN BUY A BOND!

"From childhood I have been under the influence of five men—Alexander the Great, Julius Caesar, Thodoric the Second, Frederick the Great and Napoleon. Each of these men dreamed a dream of world empire—they failed. I am dreaming a dream of the German World Empire and my mailed fist shall succeed."

—[Emperor William.]
These words, written by the German Kaiser many years ago, show what he has been planning all these years. He expected to make Russia, France, England and the United States mere provinces of Germany.

And worst of all, the Kaiser has almost succeeded. There is still a chance that he may succeed. He has spies in every country of the globe, and he has them everywhere in America—not only men of German blood, but hirelings from other nations.

In the face of such conditions, the duty of every American citizen is plain: No man of honor can have a moment's doubt as to the course he should follow. Every real American will show where he stands by buying Liberty Bonds—so that all over the United States there will be such an avalanche of Liberty Bonds that the traitors and spies here among us, and their bloodthirsty Kaiser, will realize that America can never be made a German province.

Go to any Paris bank and get your Liberty Bonds to-day! If you can't buy a large one, buy a small one. If you can't pay for it all at once, they pay for it in easy installments. The main thing, the big, important thing, is that you, you who are reading this, become a patriotic owner of one of these U. S. Government Liberty Bonds in this second Liberty Loan of 1917.

WAR TIME ECONOMY IN FASHIONS.

War seems to have affected every item of daily life—and dress is not the least conspicuous of these. It is curious how much the latest styles have resulted from the insistent economics of war; it is noticeable in line, in materials, in color, in trimmings. To quote from an article on Good Housekeeping for November: "Although there has been no decided change in the silhouette, the winter clothes can be distinguished by their narrow skirts. And for the woman who makes her clothes, there is nothing quite so satisfying as to find models that are simple enough in line to be easily made, and yet smart enough to give the appearance of coming from the best New York shops. The long-waisted line, the gathered tunic with the deep band of fur, and the tighter underskirt, are the newest notes of the season. The top coat worn with the one-piece dress is replacing, to a great extent, the tailored suit."

HEALTH DON'TS.

(Johnstown Democrat.)

"Don't take off or put on your trousers over your shoes; you'll get boils, maybe," says Dr. Dixon in his most recent little talk on health. The good doctor's cautionary advice interests us strangely. We shall write some of our own.

Don't sit down on the grass. A tick may bite you.

Don't roll up your shirt sleeves; germs may propagate in the warmth and attack you.

Don't suck soda through a straw; you may get hay fever.

Don't wear rubber heels at work; you may get bounced. And don't steal the boss's matches; you may be fired.

Don't beat a carpet; take something your size.

Don't take pills in the dark; your lights may go out.

"Trifles," says Dr. Dixon, "are important in the health of all of us." Righto, good doctor! Trifles help fill the page when thoughts come slowly.

DOG FOOLS BAD BOYS.

Mischievous boys of Happy, Texas, who tied a can to the tail of Jerry Miggs' dog were much surprised when the dog walked sedately to the nearest corner saloon, where his master was well known. Then, after the bartender had filled the can with beer, the dog took it carefully in its mouth and carried it to Miggs' home without spilling a drop. Miggs refuses to pay for the beer.

NEARLY THREE BILLION SPENT BY U. S. SINCE JULY 1.

Government expenditures since the beginning of the fiscal year July 1, are nearing the \$3,000,000,000 mark. The total reported on the treasury statement was \$2,921,075,341. This is nearly \$800,000,000 more than receipts during this period, including that portion of the first Liberty loan paid since the fiscal year began.

The greatest single item of expenditure was \$1,571,200,000 advanced the Allies. Ordinary disbursements—including military and naval expenditures and the cost thus far of the shipbuilding and aircraft production programs—totaled \$1,039,976,541. A total of \$286,711,722 had been expended in the retirement of short-time certificates of indebtedness.

WINTER TOURING.

"For the eastern motorist relieved of considerations of distance and time, California offers everything that a winter touring ground should have," writes Alexander Johnson in

the November issue of MoToR. "A glorious climate, with a January average temperature for the southern portion of the State of 54, and sunshine practically every day during this time of the year, outdoor life in the golden State is the accepted condition of existence. In its highway system California has a potent lure for motorists from every section of the country. At the present time there are available nearly 18,000 miles of good roads, perhaps the best in the land, and the fact that these traverse a country that comprises some of the most magnificent scenery in the world, makes their attraction nearly irresistible. California, moreover, has the added attraction of romantic historic association, in its memories and relics of the days when it was part of the far flung Spanish empire."

Washington suggests conservation of snakes to destroy the rats. My! My! we would rather have rats than to see snakes.

A new plant which will specialize in army boot making will be erected in Wichita, Kansas.

LACK OF CHARM CAUSE OF DIVORCES.

Madame Sarah Bernhardt, the great French actress, in a signed article in the November issue of Harper's Bazar, attributes the numerous divorces that have come into the courts of late years to lack of charm in the woman concerned.

"If I stood at the threshold of life," says Mme. Bernhardt, "asking of it something with which to buy happiness, I should beg for charm. For if one has charm, she will be loved. And a woman must have love to be happy. Beauty does not matter. If a woman has charm she can secure whatever she wants—love, success, power."

But the Divine Sarah also says that this invaluable quality can be cultivated, and her prescription in Harper's Bazar reveals the secret.

You can't always keep your neighbors from saying foolish things, but you can lose your ears.

The man who builds his house on the sands shows the need of lunatic asylums with every brick he lays.

NERVOUSNESS AND BLUES

Symptoms of More Serious Sickness.

Washington Park, Ill.—"I am the mother of four children and have suffered with female trouble, backache, nervous spells and the blues. My children's loud talking and romping would make me so nervous I could just tear everything to pieces and I would feel so sick that I would not want anyone to talk to me at times. Lydia E. Pinkham's Vegetable Compound and Liver Pills restored me to health and I want to thank you for the good they have done me. I have had quite a bit of trouble and worry but it does not affect my youthful looks. My friends say 'Why do you look so young and well?' I owe it all to the Lydia E. Pinkham remedies."

Mrs. ROBT. STOPIEL, Sage Avenue, Washington Park, Illinois.

If you have any symptom about which you would like to know write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free of charge.

To Be Sold By Public Auction
TUESDAY, NOV. 13

AT 10 O'CLOCK A. M., SHARP

GEORGE A. BAIN, Auctioneer.

7 Miles from Lexington on the Newly Asphalted Maysville Road

With the idea of increasing food production, so essential to the needs of our nation at this time, the undersigned purchased these fertile and unutilized farms from the late James B. Haggin's Executors in one tract of 863 acres, the smallest procurable.

As can be seen from the above cut, we have divided this tract into SIX FARMS, ranging in size from 35 to 281 acres, which puts this HAGGINIZED PROPERTY within the reach of the farmer who is unable to operate a large tract. These farms are on one of the best turnpike roads in Kentucky. They are on an interurban line, and about half a mile from Muir Station on the L. & N. Railroad.

The location of these farms is the best in the State. They are in the very heart of the far famed Blue Grass Region. They are surrounded by many picturesque properties, being on the same road, they are within a short distance of the wonderful Green Hills mansion; the famous Elmsford Dairy; Harry Payne Whitney's thoroughbred nursery; the beautiful Lexington Country Club and many other noted places. City water already has been piped to the Elmsford Dairy, within one mile of this property. Electric light and power is obtainable at the road.

TERMS—One-third cash, upon delivery of deed; balance cash or in equal installments due in 1, 2, 3, 4 and 5 years at purchaser's option, with interest at the rate of 6 per cent per annum, payable semi-annually, secured by lien on the property. Virgin Land For Sale!

150 acres of Laurel County virgin land that would make an ideal chicken ranch. About 75 acres is high, flat land, and balance on a branch between two high bluffs. Fair Warning!

All parties owing accounts more than two months past due to the undersigned merchants, who are members of the Business Men's Protective Association of Bourbon County, are hereby requested to call and arrange with said merchants for a settlement of such accounts at once. Unless you do this, each merchant will, according to our By-Laws, be compelled to give your name and amount of debt to our Secretary for record and collection.

The purpose of our Association is not to put any hardship or place any undeserved criticism upon any one—but something had to be done to break up the "dead beat" business of this county. Your merchant no doubt will act humanely and allow you to pay just a little each week on your old account. Surely you do not want your name to appear in our Black List as a "Delinquent."

All your merchant and our Association asks of you is come and let us reason together. Show that you are honest and mean to pay your debts, by even paying a little each week as best you can. This is surely not asking too much. But remember, you must do this at once, before our Black Lists are printed and mailed to each of our members.

FORMER PARISIAN ENLISTS IN AVIATION CORPS.

Mr. Ernest Beheler, formerly of Paris, now a resident of Lexington, has enlisted in the United States Army Aviation Corps at the Lexington recruiting station. Mr. Beheler is a son of Mr. and Mrs. W. A. Beheler, who moved to Lexington from Paris several months ago. While residing in Paris, Mr. Beheler was associated with his father in the management and operation of the Paris Bottling Works, which they disposed of previous to moving to Lexington.

THE RED CROSS WORK.

The Winchester correspondence of the Lexington Herald says:

"Mrs. W. H. Whitley, of Paris, has written to a friend here requesting that a pattern of the regulation army 'housewife' be sent to her, so that the patriotic women of that hustling county may assist in this good work. The Paris and Bourbon county women have organized to make these necessary comfort-kits for the soldier boys and are anxious to begin the work as soon as possible. That city and county have already done much excellent service in the war relief work."

FIRST REAL SNOW OF THE SEASON ON TUESDAY.

This section was visited Tuesday by the first real snow of the season. It began falling a little after seven o'clock, and continued at intervals throughout the forenoon. The flakes were not large, but came down quite lively at times.

In the afternoon the storm took on the aspect of a blizzard, and the snow fell in a blinding squall from a dark and threatening cloud, and was driven by a strong, cutting wind. The cloud soon passed, but was followed by others later with a heavy fall of snow, most of which soon melted.

The first snow in this vicinity last year fell on November 18, but there was frost and ice on October 12. The earliest snow which "the oldest inhabitant" remembers to have seen fall in this section was on October 16, 1868, when there was a fall of one and one-half inches, which remained on the ground for several hours.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. Gertrude Smoot is a guest of Mr. and Mrs. Wm. Howard, Sr., in Richmond.

—Mrs. Lee Price and Mrs. Rudolph Davis were visitors in Cincinnati, Wednesday.

—Miss Mayme Fitzgerald, of the Cumberland Telephone office, was a recent guest of her sister, Mrs. L. M. Dunn, in Carlisle.

—Hons. Elwood Hamilton, of Frankfort, and Frank Green, of Corrollton, were the guests Wednesday of Mayor J. T. Hinton.

—Miss Margaret Cox, of Weston, W. Va., is a guest of her aunt, Mrs. John M. Flanagan, and Mr. Flanagan, on Houston avenue.

—Mrs. Frank Bryan, formerly Miss Lucy Mann, of Paris, is recovering from an operation for appendicitis, in a Covington hospital.

—Mrs. Edward Turner entertained with beautiful luncheon-bridge at her lovely country home on the Clintonville pike yesterday. About forty guests were present.

—Mr. and Mrs. Ben Woodford and Mrs. James Woodford, of the county, spent yesterday at Camp Zachary Taylor, near Louisville, as a guest of Mr. Brooks Woodford, who is a member of the Bourbon county contingent in the army service there.

—Miss Kate Burke, of the Simon Department Store sales forces, is confined to her home on Seventh street, suffering from injuries received by a fall on the pavement Sunday evening. In falling Miss Burke struck a large flower urn standing near a window she was closing, and dislocated her shoulder.

—Mrs. C. J. McLearn left yesterday afternoon for Owenton, where she will reside. Mrs. McLearn recently purchased the Clark Hotel, in Owenton, which she has leased to Mr. and Mrs. Clark for a period of five years. The hotel will be conducted in the future under the name of The St. Nicholas. Mrs. McLearn will take rooms at the hotel as a temporary residence.

—Among the out-of-town visitors who were present at the Liberty Loan exercises at the court house Wednesday afternoon were Mr. J. Esten Keller, at one time a resident of Paris, and Mr. August C. Gutzeit, also of Lexington, and also a former Paris man. Mr. Gutzeit and Mr. Keller both experienced the keenest pleasure in meeting old acquaintances, many of whom they had not seen in thirty years. Mr. Gutzeit, though born of German parents, is one of the most patriotic Americans in Lexington, as has been attested by his purchase of \$75,000 worth of Liberty Loan Bonds.

THE TURKEY SEASON.

With the coming of November the annual turkey season will be upon us. C. S. Brent & Bro., who operate slaughtering houses in Paris, Millersburg, Carlisle and Flemingsburg, will soon begin preparing for receiving the birds. The Millersburg agent, Mr. John H. Stuart, has been in Carlisle recently superintending some improvements there.

The exact date for the opening of the Thanksgiving market has not yet been fixed, but it is generally about ten days before that great day. Reports from the county are to the effect that the turkey crop will be short this season. This is not only true of this county, but the same conditions exist in the other turkey-raising counties. So far nothing has been said as to the price to be paid for the fowls, but with the scarcity and "war prices" the women of the county need not fear but that they will receive a record price.

TOBACCO SEASON MAY BE LATE IN OPENING.

It seems to be the general opinion among the local tobacco men that the loose leaf season at the Paris warehouses will not open much before the middle of December.

It has been stated that when the season opens so early in December the warehouses operate at a heavy loss for several weeks, and especially this year will the farmers be late with their stripping. The selective draft has taken a large number of the best men from the ranks of tobacco workers, and the tobacco people are experiencing considerable difficulty in securing competent help.

It is more than likely that the season will open in plenty of time for the farmers and growers to market their crops so that the tenants and workers can have some part of their Christmas money.

RED CROSS CHAPTERS TO MEET IN MILLERSBURG.

A "get-together-meeting" of the Red Cross Chapters of the county will be held on Friday afternoon, Oct. 26, from 1 till 5 o'clock, at the Millersburg Military Institute. Miss Cooks, of the State Woman's Bureau, and another speaker designated by Mr. Greene, State Director, will give instruction and information about Red Cross work. A drill by the cadets of the M. M. I. will be a feature of the occasion. All members of the Red Cross are urged to be present and the women are requested to bring their knitting. A silver offering will be received at the door.

REAL ESTATE CHANGES HANDS

Mr. Harry Mitchell, of Paris, formerly manager of the Paris Grand Opera House, on Tuesday purchased of Mr. John M. Henry, of Montgomery county, his farm of 82½ acres, located near the Grassy Lick and Sideview pikes, for \$157.50 per acre, or a total of \$13,000. Possession will be given on March 1, 1918. Mr. Mitchell bought the farm as an investment.

The farm contains two tobacco barns, tenant house and corn crib, and is practically all in clover and bluegrass.

Mr. Solomon Redmon sold his farm of about 200 acres, on the Redmon pike near Paris, to Harvey Waggoner, of Kiserston, for \$37,000. The farm is well-improved and is conveniently located in all respects.

Miller & Lilleston recently purchased the property located on the northeast corner of Eighth and High streets, owned by Mrs. John McGinley, at a private price. They will erect two modern brick business houses on the property, which is in a very desirable locality.

Mr. Lee Houston has sold his farm of 220 acres near Connorsville, in Harrison county, to Mr. George Hoskins, at a private price. Mr. Houston recently purchased the 302-acre farm of Mr. Joe Perraut, near Shawhan, formerly owned by Prof. J. M. Scott, to which he will move soon.

Mr. David Anderson, of Jacksonville, this county, has purchased a fine farm of several hundred acres near Crittenden, Ky., and will move his family there about November 1. Mr. Anderson and his estimable wife, who was formerly Miss Nepple Conrad, have many friends in Paris and the county, who regret their going so far away.

Mrs. Dan L. Moore, of Harrodsburg, sister of Mrs. Charlton Alexander, of Paris, purchased this week the beautiful Moore place "Moreland," embracing the residence and forty acres surrounding, for \$36,000.

**CHAMBERLAIN'S COUGH REMEDY
THE MOST RELIABLE.**

After many years' experience in the use of it and other medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. We find it to be the most reliable cough medicine we have used."

**THE JACKSON TRIO NOW PLAYING

The Jackson Trio, three musicians of a decidedly high order, who greatly pleased patrons of the Alamo and the Paris Grand last week, are now filling an engagement at the Colonial Theatre, in Winchester. This trio came to Paris direct from playing an engagement on the B. F. Keith vaudeville circuit, and it is to be regretted they could not remain here longer.

**THE "LIBERTY BONFIRE" TO BE
HISTORIC EVENT.**

There will be a great bonfire kindled in Washington City, Friday night, from wood gathered from many historic spots in all parts of the country, which prove to the world that Fires of Liberty still continue to burn brightly in this glorious Union, and that the people are loyal and patriotic and will not be swayed from the path of duty—the uplifting of humanity and the overflow of autocracy and militarism.

There had been numerous requests for wood taken from trees upon some historic places, and, as Madison county is one of the most historic spots in Kentucky, being the home of Daniel Boone, the great pioneer and settler of the great Commonwealth, the people gladly responded to the call. Mr. C. C. Thomas sent to Washington, D. C., to the committee in charge, a piece of timber taken from a tree at Boonesboro, upon which was written the following inscription:

"Piece of timber from one of the two trees under which Daniel Boone made Treaty with the Indians at Camp Boone, at Boonesboro, Madison county, Ky."

A stick of wood from the scene of the Battle of the Blue Licks was sent to Mrs. McAdoo, at Washington, D. C., by Mrs. Walter Mathews for the Lexington Chapter D. A. R., and one from the home of General John Morgan for the Major Otis S. Tenney Chapter U. D. C. Mrs. Mathews' ancestors fought in the Battle of Blue Licks.

A MIRACULOUS ESCAPE

(Shelbyville, Del.) Cor. Phil. North American.)

Asleep in the middle of the railroad track, a two-year-old girl escaped injury when a fast train bound to Ocean City passed over it.

The train was running about 60 miles an hour. The engineer did not notice the child until only a few feet away. Brakes were applied, and the trainmen ran back and picked up little Annie Kosh, fully dressed and sound asleep, lying face downward upon the ties.

The child had to be awakened and immediately began to cry. Not a scratch was found upon her, notwithstanding the fact that a locomotive and five coaches had passed over her.

RUSSIAN SITUATION HOPEFUL.

The soldier in the old Russian army had fewer rights than a dog and was treated far worse. The wonder is, not that the new Russian army has so little discipline, but that it has so much. So says Chas. Edward Russell, the Root commissioner who has just returned from Russia, and whose article on the new Slav republic in Hearst's Magazine for November amounts practically to an official report on Russian conditions. Mr. Russell, with a full knowledge of all that Russia is now going through, is very hopeful about the eastern situation, and believes that by next spring the Russian armies will again be doing their full share in making the world safe for democracy.

HERE'S CONSERVATION.

Speaking of conservation, which seems to be the topic of the hour and the day, a Paris man set a precedent and furnished a solution of the vexed problem of how to dispose of dead leaves. This man has had teams going over Paris the past few days gathering up loads of dead leaves that had been swept into the gutters by housekeepers, and using them for bedding for horses and cows at his big barn on Second street. The soft, dry leaves make an excellent substitute for straw bedding, and besides, make a splendid top dressing for gardens and flower beds during the winter.

**SNAKE IN CHURCH FAILS TO
BLUFF THE PASTOR.**

A religious meeting at the Cross Plains Methodist church near Vincennes, Ind., was disturbed when a big black snake crawled out from under the altar just as the minister, the Rev. C. E. Bromley, was about to administer the sacrament of communion. Several persons were kneeling at the altar when the serpent appeared with its head up in the air. The preacher was equal to the occasion. He said the serpent did tempt Eve, but is couldn't bluff him, and fulfilled the ancient prophecy by killing the reptile, after which the meeting proceeded.

THE Beautiful - Gulf - Coast!

The beautiful thing about the Gulf Coast, between New Orleans and Pensacola, is that it is a real playground, summer or winter—a playground for northern folk from November to May, and for the Southerners during the summer months. You can't ask for much more of placid nature than has been expended on the Gulf littoral between New Orleans and Pensacola. There are pine woods, forests of live oaks, all moss hung and mysterious, long stretches of winding, shaded roads, woodland paths, quaint southern hamlets and modern resorts teeming with gayety and active life; lovely retreats where you can swing in a hammock all day and drowse in the narcotic air. And there is the sparkling water, the beach, the surf, boating, fishing—anything and everything that calls from the salt waterside.

Going South on the Louisville & Nashville Railroad, after you leave Mobile, it is impossible to escape the infection of joyous living, even if you wanted to do that. At every stop throngs of people are going and coming—youth and age alike, getting on or off the trains. Laughter and breezy, sunny, fragrant air greet you. It is moreover a place of sane, natural outdoor joys in surroundings of homely comfort or of luxurious ease, whichever you prefer. It is a locality of ancient and honorable traditions and the natives are descended from holders of the soil since the first days of the white settler. They make you welcome with a stately, Southern hospitality, and have put at your disposal the best their home land affords. Every resort and every old plantation home is shaded by age-old ancestral oaks and grown over with trailing vines, roses and perennials; and they look out over the gulf waters, at the dancing waves, the scudding sails, the beach and the surf. If you can't find happiness down there in the golden sunshine and among the countless diversions and attractions of that playground, don't go South in the Winter expecting to find your "Promised Land," for you'll have only your trouble for your pains. No choicer spot exists and greater comfort is not to be found. The winter climate is ideal not uncomfortably warm, but moderate and bracing, putting snap and ginger into the system.

Touring along the Gulf Coast is one of the ways travelers take to find their own particular choice—and for this purpose the train service of the Louisville & Nashville Railroad is convenient. You can stop everywhere, beginning at Mobile, and stay a few hours, a few days or as long as you wish. It is a fascinating vagabondage that will bring you eventually to the place of your ultimate desire. You can, also, if you choose, ship your motor car to Mobile and go in for regular touring along the Gulf—the road are all good and the country is fascinating in the extreme. History lends its background of fact to a long list of interesting tradition and romantic legends concerning this locality, and the "atmosphere" while wholly American, has the foreign flavor in sufficient degree to give it diversity and variety. Topographically, the coast lies low and curving, rising gently toward the "hinterland," which is forested with pines, broken in the clearing by rich and productive farmland. The shore line is much indented, the numerous bays, "bayous," "sounds" and lakes giving a seemingly endless and all-surrounding waterscape. Lying off the shore is a line of islands, forming the outer bulwark of Mississippi Sound, and fronting this are the resorts that have been famous since pre-revolutionary days—the towns which began as of French colonies, begun under the brothers de Bienville and d'Iber-

FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick,
Wavy and Beautiful—
Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, down hair—new hair—growing all over the scalp. MILLION A YEAR TO PAINT NAVY.

Our battleships literally eat paint. The initial color requirements for a new battleship cost about \$25,000, which is the price of about 100 tons of the kind of paint the navy uses. In addition to this, according to the Popular Science Monthly, it is customary to repaint the different parts of a ship two or three times a year, so the annual upkeep probably exceeds this sum. This brings the annual outlay in for the entire fleet to a million dollars.

The most important coating a vessel receives is the paint applied to the submerged parts of the hull to protect it from corrosion or barnacles.

SOUL STOMACH.

Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not, take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out.

"MOVIE" EXHIBITORS ARE PA- TRIOTIC.

The United States Civil Service Commission has received an expression of the patriotism of practically all the exhibitors of motion pictures in the United States. The Government is in need of thousands of type-writer operators and stenographers of both sexes for war work in Washington, and through its 3,000 local boards of examiners in that many cities, the Commission requested the owners and managers of motion picture theatres to allow free of charge an announcement on their screens of this need of the Government. The refusals were so few as to be negligible. Not more than a hundred of the 20,000 odd exhibitors who were approached declined to render to the people the service asked. Even these can not be charged with disloyalty; most of them held decided views as to their duty to their patrons who pay for entertainment only.

The only criticism of the Government come from three exhibitors who declined on the grounds that it was proposed to place a tax on motion picture tickets. One owner asked remuneration in the sum of 25 cents a week, and another stipulated that he was to be relieved of any responsibility for damage to the slides furnished by the Government. The slides cost less than 10 cents apiece. Almost without exception the "movie" men were not only willing, but were even eager to serve the Government in the manner requested. This hearty response from 20,000 business men representative of every part of the country has a striking significance. It is interesting to note in this connection that the estimated daily attendance at motion picture shows in the United States is ten million. This allows an average of 500 for each house.

MRS. SMITH RECOMMENDS CHAM- BERLAIN'S TABLETS.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial; get well and stay well. (adv-oct)

KENTUCKY BANKS HAVE \$217- 124,211 ON DEPOSIT

With eight banks failing to report to the State Tax Commission, there were \$217,124,211.27 on deposit in the various banks of the State, September 1. Of this amount \$39,772,175.78 is exempt from taxation, leaving \$177,352,035.49 subject to taxation. The tax due the State on this amount under the Pickett bank bill is \$177,352.04.

The national banks have deposits amounting to \$105,899,656.04, with exemptions amounting to \$30,894,502.33, while State banks had on deposit \$111,224,553.23 with exemption amounting to \$8,877,673.45.

THE RIFLE BANK.

For the thrifty soul with sportsman-like tendencies a novel savings bank has recently been invented. By a clever arrangement of the bank and a small gun on a metal stand you are able to shoot your money into safekeeping. The bank is concealed by a target-like arrangement with a slot in the bull's-eye. The nickel, dime or quarter is placed in the gun; the trigger is pulled and the coin flies into the bank.

One of the most important items in your business is an adequate amount of fire and storm insurance.

By Midnight

Wednesday Sept. 12th

Up to midnight, September 12th, during a period of 8½ months, we sold and delivered to tire dealers more United States Tires than we sold to dealers during the entire 12 months of 1916.

This phenomenal sales increase was made notwithstanding our epoch-making sales increases of 1916 over 1915.

These record-breaking sales increases of 1917 over 1916 and our record-breaking sales increases of 1916 over 1915 definitely and finally prove three facts;

1. The supremacy of United States Tires.
2. The fact that the vast army of automobile owners who used United States Tires in 1916 are using them in 1917 on the sheer merit of their experience.
3. The fact that another vast army of automobile owners have been won over to the use of United States Tires in 1917 on the sheer superiority of our tires over other tires that they have tried.

BIG INCREASE SHOWN IN HIGH SCHOOL REPORT.

With an increase of 1,950 high school students in Kentucky in one year, with \$865,000 spent on new high schools in the year terminating June, 1917, and with a high school enrollment of 20,800 students, the biennial report of McHenry Rhoades, Inspector of High Schools in Kentucky, indicates a marked progress in education in this State. The report contains illuminating statistics of the past year, as well as a clear resume of the steady growth of high school education in the State since the county school law was passed in 1908, making it mandatory that every county establish and maintain high schools.

Your Telephone A Money Maker!

If busy farmers, who are selling their stock and produce at good prices, were to be deprived of their telephone, they would readily place the value of the instrument at anywhere from \$5.00 to \$35.00 a day.

You will find the secret of the prosperous farmer's success lies in his prompt telephone communication with the local and city markets.

Our new Directory will go to press soon and it is our endeavor to supply you continuously good telephone service day and night. Our rates are reasonable.

vice conditions in Millersburg will
be held at 7:30 o'clock to-night at
the opera house. A large attend-
ance is reported, as the subject is
one of the greatest importance to
the town and its citizens.—The first number of the Lyceum
Course will be given on November
14th. See later issues for further
particulars. Remember all pro-
ceeds over and above the expense of
the course go to the Red Cross. Let

32. (26-4t)—The mass meeting of the Bour-
bon County Chapters of the Ameri-
can Red Cross, which was scheduled
for this afternoon at the M. M. I. in
Millersburg, has been indefinitely
postponed on account of the East
Paris bridge at Paris being closed to
traffic, rendering it impossible for
the Paris delegates to get here in
time.—A meeting of the Red Cross
Chapter will be held at the Millers-
burg College this (Friday) after-
noon, at 2:30 o'clock, to meet Miss
Cook, of Lexington, who will in-
struct the members in the art of
making bandages and surgical dress-
ings. All the ladies are urged to be
present.—Dr. Ganfield, president of Center
College, Danville, delivered an in-
teresting lecture on Monday evening, at
M. M. I. Auditorium, under the au-
spices of the Pastor's Aid Society of
the Presbyterian church. Dr. Ganfield
has been with us before and we
knew what to expect. It goes with-
out saying that his address was good,
and he was certainly at his best.The theme of his subject was along
the line of the all-absorbing events
of the day. He touched forcibly and
yet briefly on the Liberty Loan. All
who heard him were well pleased.—Dr. R. G. Hurt, aged ninety,
died Wednesday morning at the
home of her daughter, Mrs. L. G.
Auxier, at Edinburg, Indiana, of
infirmities of age. The funeral will
take place at two o'clock Saturday
afternoon, at Paintsville, Ky., with
services conducted by Dr. C. C.
Fisher, president of Millersburg Col-
lege. Dr. Fisher and Miss Dollie
Auxier will join the funeral party
at Maysville. Dr. Hurt was a res-
ident of Millersburg for many years,
and is well-known here.—This is a time of high prices.
We should do what we can to cur-
tail expenses. Most everything in
the commercial world has made
marked advances in the past few
months. Some things a hundred
per cent., but the Bourbon Laundry
is doing business at the same old
prices, while our competitors have
advanced their prices. We are still
laundering collars at two cents,
shirts ten, spreads fifteen, sheets
five, table cloths fifteen to twenty-
five cents. Give us your patronage.
The money you will save in doing
business with us will do much in
Red Cross work. For further par-
ticulars, call on R. M. Caldwell,
agent, Home Phone 32, Trigg
avenue. (26-4t)—IMPORTANT NOTICE—A mass-
meeting has been called for 7:30
o'clock to-night (Friday) at the
opera house, for the purpose of cor-
recting some of the vice evils that
have crept into Millersburg, espe-
cially among the boys of the city.
All citizens having at heart the
best moral interests of the city are
urged to be present and give the
weight of their presence and influ-
ence to the movement. The ladies
are especially requested to come.
Many of them have been instrumen-
tal in investigating and unearthing
conditions that most of our citizens
did not know existed here. Come
out, everyone!—Liberty Day, which was especi-
ally set apart by the President, was
observed here Wednesday. The
postoffice, banks and schools were
closed. At two p. m. a patriotic
meeting was held in the M. C. Au-
ditorium. A good audience was in
attendance, and patriotic addresses
were delivered by Col. C. M. Best,
Elder C. O. Cossaboom, of the Chris-
tian church, and Rev. J. W. Gar-
ner, of the Methodist church. Patri-
otic songs were also sung.—A Union prayer meeting was
held Wednesday at 7 p. m., at the
Presbyterian church, the main
object of which was to discuss the
conservation proposition in order
that they might more fully under-
stand what they were entering into.
A number of short talks were made,
and the meeting was indeed enthu-
siastic.

—The marriage of Miss Naomi

Mr. Walter Rice Clinkenbeard, of
Paris, was quietly solemnized at two
o'clock Wednesday afternoon in the
pastor's study of the First Metho-

Dr. G. E. Cameron officiating. The
service was beautiful and impres-
sive, the ring ceremony being used

MACKEY—SHEA.

—Cupid has again invaded the
ranks of Paris bachelors and taken
away with him into double blessed-

Dr. Robert Shea, of the People's
Pharmacy.A few days ago Miss Agnes
Mackey, daughter of Mr. and Mrs.
Sam Mackey, of South Main street,
went to Covington to visit her
brother, Mr. John B. Mackey, and
Mrs. Mackey, and, incidentally, to do
a little shopping on her own account.
And then a day afterward Dr. Robt.
Shea, had an urgent business call
to Cincinnati, to lay in stocks, and

Mackey had arrived safely at her

Shea are now Dr. and Mrs. Shea,
according to a telegram received
yesterday morning by Miss Sue
Jordan, which stated that Dr. Shea
and Miss Mackey had been married
in the Cathedral in Covington, by
Rev. Father Hanses. Mr. John B.
Mackey, the bride's brother, and
Mrs. Mackey, were the only attend-
ants.Mrs. Shea is a young woman of
decided attractiveness and a worthy
helpmate for her husband. Dr.
Shea is a son of Mrs. James Fitz-
gerald, of Winchester, and one of the
most popular young men in Paris.
Dr. and Mrs. Shea, after a short
bridal trip, will return to Paris and
go to housekeeping.
